Angular 10

Node Js

Projects

2019-01

MCQ Exam - IONIC 4

2019-05

20 Dresses Shopping App

2020-12

Axis RM Website - Angular 10

2020-11

SBI - React Native

AES Encryption, MVP Design, Payment Integration, Socket.IO, Continuous Integration/Continuous Deployment, AWS, Chatting, Agora

Working Experience

Technologies and Skills

Tools Used

- ★ Version Control System - Gitlab
- ★ Project Management - Jira and Trello
- ★ Coding - Visual Studio Code
- ★ Cloud Services - AWS, Google Cloud

Mobile App Development

Mobile Development Skills

Native Android & React Native

- ★ AES Encryption for Secure API calls
- ★ Firebase Push Notification & Firebase RT Database
- ★ Background Services & Broadcast Receivers
- ★ Model View Presenter Coding Architecture Dragger
- ★ PDF Editing and Receipt Generation
- ★ Mobx State Management tool
- ★ Realm Mobile Local Storage

2016-07 -
2016-11

LBP Academy MCQ App

Android / IOS / Windows

Students can submit MCQ Test online using their mobile phones

- ★ Students get daily notes
- ★ Can Submit Exams Online
- ★ Downloadables
- ★ Notice for Students

2019-03 -
2019-04

20 Dresses Womens

Native Android

Online product selling native android app

- ★ Payu Money Payment Integration
- ★ Fabric for bug tracking

2019-04 -
2019-07

Hope Medicine App

React Native

patient is allowed to login and record his daily symptoms and their effects from scale of 1 to 10

- ★ Patient registers in app and enters all his symptoms
- ★ These daily symptoms are then shown in graph

Website Development

2013-06 -
2021-05

Frontend Development

- ★ HTML, CSS, SCSS
- ★ Javascript, Typescript
- ★ Frameworks: AngularJS, Angular 10, Reactjs

2019-12 -
2021-03

Axis Bank RM Application

Regional Manager Performance Tracking Website for Axis Bank

- ★ Angular 10 for Frontend

2020-07 -
2020-08

Mastercard Login

Login Page with Checksum and Fraud detection api.

- ★ HTML, CSS, Javascript for Frontend
- ★ NuData for Fraud Detection

Personal Info

Phone

8919832742

E-mail

palliankit123@gmail.com

Date of birth

July 09, 1994

Backend Experience

API Development

- ★ NodeJS, PHP
- ★ Socket.io
- ★ Express.js, Joi, nodemailer
- ★ Redis, sequelize, Mongoose
- ★ Mysql, MongoDB

Cloud Experience

- ★ Reverse proxy
- ★ Vesta Panel
- ★ Cloud Platform: AWS, Google Cloud
- ★ Continuous Integration/Delivery (CICD)
- ★ Automation: Jenkins, Gitlab Runner
- ★ Conference Call implementation

Skills

Implemented IONIC 4 In App Purchase

Uploaded Node Project on AWS

Google SignIn and Signup Option for Android App

Implemented CI/CD Jenkin's

Gitlab Runner to Aws EC2 Automatic Deployment
